History and Accomplishments

1895 – Chinese Americans in San Francisco establish the *Native Sons of the Golden State* in response to racism and prejudice that limited their employment, education, housing, insurance and banking opportunities. Full citizenship and informed civic engagement are key tenets.

1912 – The Cities of San Francisco, Los Angeles, and Oakland establish lodges.

1915 – A new national charter is adopted to form the *Chinese American Citizens Alliance* under a Grand Lodge based in San Francisco.

1921 – Built a National Headquarters in San Francisco.

1924 – Alliance publishes *Chinese Times* as its official newspaper. It is the first Chinese language newspaper to be owned, edited, and published by American citizens. For 60 years, it is a principal source of national news and commentary for Chinese American communities.

1943 – Congress repeals Chinese exclusion provisions to permit Chinese to immigrate (albeit limited to 105 worldwide per year) and become American citizens.

1946 – With Alliance backing, Congress removes immigration restrictions that prevented Chinese from benefiting from the 1945 War Brides Act as non-quota wives and children of American citizens.

1965 – Hart-Cellar Act removes race and national origins as basis for immigration. It comes on the heels of the Civil Rights Act of 1964 and the Voting Rights Act of 1965 to atone for past discrimination.

2008 – Alliance wins House recognition of the contributions of Asian American/Pacific Islander soldiers who fought in the American Civil War.

2011-2012 – Alliance, with 5 national Asian American organizations, obtains Senate and House unanimous resolutions condemning the Chinese exclusion laws first enacted in 1882.

2014 – The U.S. Department of Labor, with Alliance assistance, inducts Chinese transcontinental railroad workers into its Wall of Honor.
